

## SOLLY LICKS BILLY

AUSTRALIAN FEATHERWEIGHT DEFEATED BY THE CALIFORNIAN.

Fourteen Decent Scientific Rounds before the Olympic Club—Both Well Trained, Murphy the Cleverer but Smith the Heavier—First Two Rounds Contain a Knockdown Apiece—Smith has the Best of It All the Way—Jockeys Leave Their Tackles in the Mud at Ingleside—Chess Results at St. Petersburg.

New Orleans, Dec. 23.—Billy Murphy, the Australian, and Solly Smith of Los Angeles, California, fought tonight in the arena of the Olympic club. The men were well trained and fought hard. Murphy was the cleverer but he lacked the physique to withstand Smith's rushes and clinches. In the first round Murphy was knocked down and in the second round Smith was forced to the ground. In all of the fourteen rounds Smith had much the best of the mill, and in the fourteenth round the Australian featherweight was knocked down several times, but, seeing that Murphy was beaten, Referee John Duffy separated the men and awarded the fight to Smith.

Just before Murphy and Smith entered the ring to fight, Mr. D. C. O'Malley suggested to Referee Duffy that he should start a subscription for Andy Bowen's mother, and \$35 was raised in a few minutes for the dead pugilist's mother.

**Will Hunt Up Corbett Next.**  
El Paso, Tex., Dec. 23.—Martin Julian, manager for Bob Fitzsimmons, has accepted training quarters in Juarez, Mex., across the river from this place, and Fitzsimmons will arrive Christmas morning to begin training for his fight with Maher on February 14. Julian said today that Fitzsimmons would knock out Maher in six rounds and he would put up the entire purse won as a sidebet with Corbett and fight the latter next.

**Ingleside Races.**  
San Francisco, Dec. 23.—The weather was very miserable at Ingleside, a heavy drizzle falling all day. Nevertheless there was a large attendance, as today was Ladies' day.

The hurdle race was a contest of many handbreads, five horses out of twelve falling and throwing their jockeys. Owing to the soft mud none of the boys were hurt. White Cloud, owned by the Meadows, dropped dead just as the horses passed under the wire in this race. Three favorites and three third choices were the winners. Summaries:

**He's Tough on Panhandlers.**  
New Orleans, Dec. 23.—Peter Berlo today took 1-4 seconds from Gardner's southerly record for the mile and a half, the record at 1:40.5 instead of 1:42.5. He was paced by a quail for one-third of a mile and by a quail for the remainder of the mile. Eight of his paces were timed, and he was timed for ten minutes. Since coming here two weeks ago Berlo has established the following world's records:

One mile, 1:40.5.

Three-quarters, 1:17.

Two-thirds, 1:07.5.

Three miles, 5:04.5.

Four miles, 6:50.5.

Five miles, 9:30.5.

One mile composite, 1:39.5.

Having set the world's record, for which he has been trying for ten weeks at Louisville, Nashville and elsewhere, Berlo will leave tomorrow for New York.

**Women go on.**—Heedlessly ignoring the dangers that lurk in the path of their thoughtlessness. They neglect little warnings until they get used to them. The warnings become louder and louder, and still they do not heed them. Their sickness increases as the snowball rolls down hill. The sickness comes on gradually, and they get used to it. It ruins their lives just as surely as it ruins the lives of the man in a hundred, perhaps, is perfectly healthy. Sometimes her weakness is inherited, sometimes acquired by carelessness. In every case, care and Dr. Pierce's Favorite Prescription will give her new life and strength and vitality. It will out the hollows in her cheeks, bring color to her lips, brighten her eyes, and make her really and truly a woman. The "Favorite Prescription" is of inestimable value at three stages in the lives of every woman—when the girl becomes a woman, when the woman becomes a mother, and when the mother becomes incapable of maturity. At these times it gives safety and strength. It is the only medicine now before the public for women's peculiar ailments, adapted to the delicate organization by a regularly graduated physician—an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman should have and read Dr. Pierce's Common Sense Medical Adviser, a great book of a thousand pages, profusely illustrated which will be sent free on receipt of 21 one-cent stamps, to pay for mailing only. Address, World's Dispensary Medical Association, No. 605 Main Street, Buffalo, N. Y.

**Points at the Empire Club.**  
Messiah, I. L., Dec. 23.—Several timid looking boys were pulled out at the Empire Athletic club tonight. The 15-pound class four round match between Johnny Young of Brooklyn and Harry Woods of San Francisco resulted in a victory for the Brooklyn man.

Sam Thompson of Astoria and Tom Manley of Missouri, 135-pounds, came together and the Missouri man only lasted two minutes and forty-six seconds. He was not really knocked out, but after a mix-up with Thompson, he scrambled to his feet, dazed and bleeding, and before Hart could bleed him sent him to his corner and gave the decision to Thompson.

## PEOPLE SHALL SAY

MANITOBA GOVERNMENT SEEKS THE POPULAR VERDICT.

Premier Greenway Reviews the Course of Legislation and Legislative Action on the Part of the Dominion and of Manitoba Since the Remedial Order of Last March—There is No Thought of Yielding, Since, in His Opinion, Any Compromise Would be All on One Side—Hot Fight will be Waged in the Province.

Winnipeg, Manitoba, Dec. 23.—Premier Greenway today made the following announcement of the government's position in the course of an address, the occasion being the approaching elections, the result of which is to be the test of the public adherence to the legislature's position on the school question. Premier Greenway said:

"The menacing attitude assumed by the Dominion government with reference to the educational legislation of the province has made it necessary to take the sense of the electors upon the question thus forced upon them. On the 21st of March last, the Dominion government hastily issued a remedial order which commanded the legislature of Manitoba to restore the separate school system as it existed prior to 1890.

"To this the legislature declined to assent. On the 8th of July last, Mr. Foster, speaking for the Dominion government in the house of commons, stated that a communication would be sent to the Manitoba government to ascertain whether the settlement of the school question could be made and, in the event of a refusal, a session of the Dominion parliament would be called to meet, not later than the first Thursday in January next, when the Dominion government would introduce and press to a conclusion such legislation as would restore the separate system of relief, based upon the lines of judgment of the Imperial Privy Council and the remedial order of the 21st of March, 1890."

"A similar statement was made about the same time in the senate by Sir McKenzie Bowell, the premier of the Dominion.

"From the utterances of the Dominion cabinet and of the facts known to all who have watched the controversy, it is clear that nothing but a separate denominational system of schools will be accepted as an adequate measure of relief. To the communication forwarded in pursuance of the above announcement by the Dominion government on the 27th of July last, inviting the Manitoba government to take such action as would remedy the alleged grievances of the minority, we have replied, definitely and positively rejecting the proposal to re-establish such schools in any form and expressing the intention to uphold the present uniform system. The minority in the federal parliament is about to be asked to legislate upon this subject. It is of the utmost importance that the views of the electors of the province should be clearly and unmistakably expressed. If your votes are overwhelmingly in favor of the stand taken by the government there is no doubt that the views of the members of the Dominion parliament will be materially affected thereby and the fighting in political circles during the next three weeks.

The people of Winnipeg are greatly excited over the announcement of the election dates today and there will be no fighting in political circles during the next three weeks.

**MARCHING IN THREE COLUMNS.**  
Insurgent Forces, Thousands Strong, Continue Their Forward Movement.

Tampa, Fla., Dec. 23.—A special courier from General Macco's command arrived here last night. He reports the Cuban army as marching toward Manzanillo in three columns. The first column, under the command of General Macco, is composed of 2,000 men; another in the north under Macco with 3,000 men, and the center column, under General Gomez, with 6,000 men. Each column has two field pieces of modern artillery. The extreme vanguard, 1,000 men, is commanded by Brigadier Francisco Perez, and the rear guard of 1,000 is under Quintin Garcia. In General Gomez's first regiment, 2,000 men, with Colonel Aragona, detached expressly to detain the former's march, the Spanish loss was 340 dead. Up to the time the steamer left Havana nothing had been heard of the insurgent columns of the battalion of Camarillas. It is supposed that they fell into the insurgents' hands. Manzanillo was occupied for three days by the insurgents, who, upon leaving, destroyed the town. General Macco was at Lajas when the latest reports concerning him had been received.

**DIED OF HIS WOUNDS.**  
Insurgent Leader Miraba is Officially Reported to be Dead.

Havana, Dec. 23.—Dispatches have been received here confirming the announcement that the famous insurgent leader Miraba has been killed. It appears that he led the attack upon the village of San Juan de los Rios, which was held by a few Spanish soldiers. He died subsequently in the insurgent hospital at Sierra Cita.

**TREAT THEM AS MAGPIES.**  
That is the Independent's Plan for the Advocates of War.

New York, Dec. 23.—The Independent, which will be issued Dec. 25, will say editorially:

"War? No; a thousand times no. God forbid. It is a thought too monstrous to be entertained."

"She is our mother country; those who speak of war are traitors; those who speak of one blood, one race, one language and one civilization. Our frequent expressions of jealous impatience with her only prove the sincere attachment that exists at the bottom of our hearts."

"War with the United States, her own kin, with whom the bonds of peace have so long remained unbroken? England cannot tolerate the thought. It is to be impossible."

"Have we cultivated reason during all the centuries since we left the shades of barbarism, to debase it now for an appeal to the sword? Those who would so cowardly and ignominiously grow bilious over the prospect of it are worthy with insanity. We are not beyond the province of diplomacy. England has given us no ultimatum, nor has she been in the least provoked. It is not cowardly on our part to refuse to precipitate a conflict. It is moral cowardice not to persist in a peaceful negotiation. We do not propose abrogation. We propose to stand by the Monroe doctrine. England gave her cordial assent to it once, why not again?"

"Let us have faith that honorable peace will be secured and let the not-heads on both sides of the Atlantic who are conjuring up the spectre of war be treated as chattering magpies."

**MEXICO STANDS BY IT.**  
She has Worked None at the Monroe Doctrine Truest.

City of Mexico, Dec. 23.—The press continues to give hearty support to President Cleveland. One journal calls him the champion of all the American people and says that the Monroe doctrine now has become a broad principle, affirming the rights of all Americans to their own territory, and the menace of aggression has disappeared forever.

Ed. Gleason says: "England has earned the profound antipathy of all American countries by its rapacity and its utter lack of magnanimity and honor. The Monroe doctrine, which has been the lifeblood of the American people with joy. It is an unexpected revenge on England for her long humiliation of Cuba and she hates the contempt she has visited on other nations. The principles of 'America for its own inhabitants,' watered by the blood of 100,000 Mexicans, is against the Monroe doctrine, which has now grown to a full ripeness and is avowed to all mankind in Cleveland's great message."

The press here is generally of the same tone.

**SALISBURY IN NO HURRY.**  
He will Issue a Statement of the Venezuelan Question when He Gets Ready.

London, Dec. 23.—Inquiries made today by the Associated Press from high official quarters have elicited the information that the marquis of Salisbury is not likely to make an early statement on the Venezuelan question, but that he will issue a statement of his disposition to treat the question with calmness and moderation.

Sir Augustus William Lawson Hemmings, K. C., G. C., principal clerk in the colonial office, has been appointed governor and commander in chief of British Guiana, in succession to Sir Charles Cameron Lees, K. C., M. G., recalled when the Venezuelan question began to assume an acute stage.

Kansas City, Dec. 23.—The directors of the Kansas City, Pittsburg and Gulf road today voted to increase the capital stock from \$10,000,000 to \$20,000,000. This insures the completion of the Pittsburg and Gulf to the Gulf of Mexico without delay.

The money to be raised by the increase of capital stock has already been raised. Part of the money is said to have been raised in Philadelphia and the remainder abroad.

## WHALED THE GANG

ONCE FAMOUS ENCOUNTER WITH OUTLAWS NOW RECALLED.

How an English Family Claims Forty-St Thousand Dollars on Account of the Loss of Some Brooches and a Wagon Load of Camp Trumpery—How the McCarty Gang Undertook to Trade Horses, Came to a Misunderstanding and Finally Got Thrashed—And Now the Dawsons Want Pay for Doing the Thrashing.

Omaha, Dec. 23.—A special to the Bee from Lincoln says: Governor Holcomb today received a letter from Secretary Ogden enclosing the report of the British ambassador for \$48,000 growing out of the assault of the English family of Dawsons in Nebraska by the McCarty outlaw gang. The Dawson claim that their property was damaged to that extent by the alleged outlaw band. The claim in Nebraska is regarded as not only ridiculous, but absurd. All the property the Dawsons had at the time was contained in a small wagon drawn by two horses, the outfit probably worth \$200. They were attempting to trade horses with Vic McCarty, a local tough and the leader of the gang of ruffians. A free fight resulted in which Dawson's son-in-law, the McCarty, was killed. The McCarty's were killed. That ended the incident.

**KILLED THE WHOLE FAMILY.**  
Apaches Now Terrorize Another Community in Arizona.

Denver, Colo., Dec. 23.—A special to the Republican from Phoenix, Ariz., says: Jake Meadows, brother of the well-known Wild West showman, Chas. Meadows arrived in Phoenix from Payson, Ariz., today on the northern border of Gila county. He brings the news that Percy Ellison and family were murdered by Apaches in lower Sonora valley in the mountains 140 miles east of here nearly a week ago, while on their way to the ranch of Ellison's father in Cherry Creek valley to celebrate Christmas.

The sheriff's posse that killed Nantango Tayse, the Apache sub-chief, several weeks ago, started from the elder Ellison's ranch and the settlers have been apprehensive of an Apache raid ever since.

**BROUGHT UP FOR CRITICISMS.**  
Rear Admiral Roe Denies that He Said Anything About Venezuela.

Washington, Dec. 23.—Rear Admiral Francis Roe, retired, to whom charges were made to the navy department of disloyal criticisms of the president on the Venezuelan message, has stoutly written a statement to the department saying that while he did speak of the bad condition of our coast defense in the course of a conversation with a person whom he did not suspect of being a reporter, he did not in any manner referred to Venezuelan affairs and resented the attempt by innuendoes to cast doubt upon his loyalty. He refers to his special war record and says that if such men as traitors, the country wants more of them.

Admiral Braine, who has been called upon to explain on similar charges, has been heard from. He declines to admit or deny the interview, the matter must be dropped.

**DEATH OF SERGIUS STEPHANIK.**  
Noted Political Writer and Ethnologist is Dead.

London, Dec. 23.—Sergius Stephanik is dead. Sergius Michael Dargomazoff Stephanik was born in 1841 at Hadjatski, in the Ukraine mountains, and came of a noble family. He was a correspondent of the Cosmopolitan of Little Russia. From 1869 to 1882 he was a student at Kiev, and he published several works during that time, which were prohibited by the government in 1883.

In 1879 he became a professor at the University of Kiev, but was removed from his chair by the government three years later. He was exiled in 1876 on account of his criticism of the system of government by Count Tolstoy, one of the ministers of justice, and thereupon settled in Geneva, writing various popular works in the Little Russian dialect. He began to work hard for the establishment of a Little Russian International. He has also contributed much to the magazines on the eastern European peoples. He has written, as well, works on the ethnography, history and literature of Little Russia, and a collection of "Little Russian Folk Lore."

Mr. Stephanik was killed by a passing train while walking over a level railway crossing at Chiswick.

**OWNEY ARRIVES IN NEW YORK.**  
Famous Postal Clerk's Dog in the Role of Circumnavigator.

New York, Dec. 23.—Owney, the postal clerk's dog, arrived today at quarantine from China, having completed the circuit of the globe and been last sighted New York. He left Tacoma, August 12, and visited the following places: Shanghai, Woonsoo, F. Chow, Hong Kong, Singapore, Persia, Suez, Algiers and St. Michael (Azores). He returned to his collar as a dog which says: "Owney, boom Tacoma while you live and when you die be buried in a Tacoma-made coffin."

Affixed to the dog's collar is the following note from A. B. Case, postmaster at Tacoma:

"To all who may meet this dog—Owney is my name. He is the pet of 10,000 postal employees of the United States of America. He starts today, August 12, 1895, for a trip around the world. Treat him kindly and speed him on his journey across the oceans and land to Yokohama, Hong Kong and New York. For his next stop send him overland to Tacoma, and who knows but he may compass the globe and beat the record of Nellie Bly and George Francis Train and be known as a circumnavigator."

The steamer Port Phillip will leave quarantine tonight and will probably dock tomorrow morning. Captain Gray will take the famous dog to the post-office and start him on his journey westward at once.
